

FOR IMMEDIATE RELEASE

Americold West Memphis Wins General Mills Frozen Facility of the Year

ATLANTA, Georgia (September 21, 2010) – Americold announced today that on September 9, 2010 its West Memphis, Arkansas facility was awarded the General Mills frozen facility of the year award.

"This award can be attributed to the hard work and dedication of our entire West Memphis team," said Mike Frazier, regional plant manager for Americold. "Our constant goal is to provide the best customer service to General Mills."

The Americold associates celebrated this achievement with an award luncheon held at the facility.

This is the third consecutive year, and five years out of the last seven, that the West Memphis facility has achieved this recognition from General Mills.

Based in Atlanta, GA, Americold is the global leader in temperature-controlled warehousing and logistics with the largest network in the United States. The Company owns and operates specialized, cold storage warehouse properties in key distribution and regional centers throughout the US. Americold's warehouses are an integral part of the supply chain linking food producers, distributors and retailers who store products in temperature-controlled warehouses and use related services for frozen and perishable food products.

Americold has the leverage to deliver superior service, storing over 40 billion pounds of temperature-controlled product per year, and offers unparalleled experience in warehousing, as well as other value-added services, for the food industry.
