

# E-COMMERCE FULFILLMENT SOLUTIONS

## ACCURATE, SPEEDY FULFILLMENT DIRECTLY TO YOUR CONSUMERS

A vital requirement across all shopping channels is the speed at which your customers expect to receive their orders, especially for foods and beverages.

This means you need a partner who offers a suite of fast, comprehensive e-Commerce fulfillment services, which are expertly designed and rigorously managed, delivering your product to their door in perfect condition.

**We can help.** We deliver fully customizable, temperature-controlled, direct-to-consumer solutions from strategic locations that allow us to cover more than **98.6%** of the U.S. population in

two days or less. In fact, we can reach **42%** of the population in one day with ground shipping, thanks to our specialized hubs throughout the USA.

### Key features of our service:

- Multiple temperature zones to ensure your product is stored, picked and packed at the proper temperatures
- Dry ice and gel packs available at competitive rates to maintain product temperatures
- Significantly discounted small parcel shipping rates through major and regional carriers Integrated with all major e-Commerce stores such as Amazon, Shopify and more
- Mature packaging supplier network for reliable provision of any required materials

# E-COMMERCE FULFILLMENT SOLUTIONS

## HERE'S HOW IT WORKS

You're offering your products for sale online, and you've established an online store or are partnering with one of the big shopping cart platforms.

Your business is expanding rapidly and you're outgrowing your current fulfillment capability, whether that be in-house or with another provider. You need national coverage quickly.

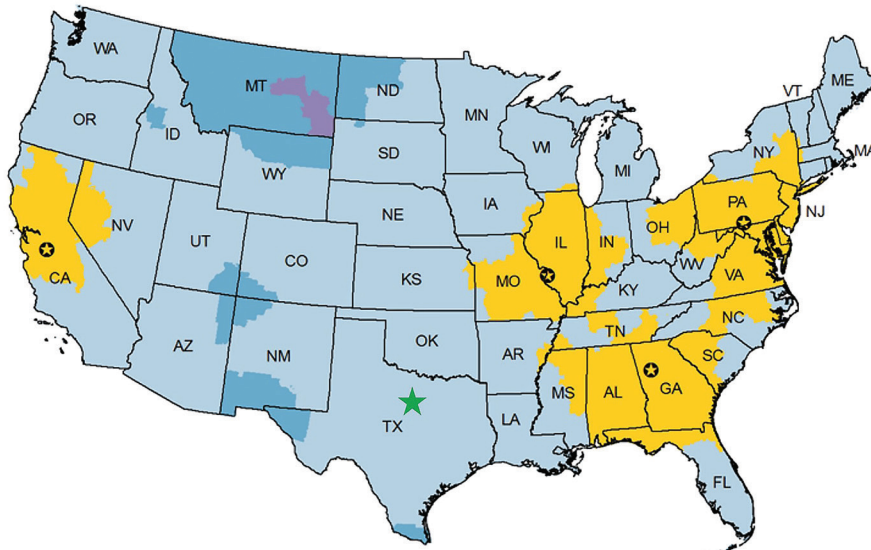

Our custom integration platform is designed to optimize the shipping of temperature-controlled

food and beverage products and ties-in to all major shopping carts, including all Amazon platforms. Full API integration means our system can receive, process and ship customer orders and apply custom business rules specific to your program.

We can leverage your existing packaging or we can source it for you, including dry ice or gel packs. We will also pack your products to your specifications to ensure your customers benefit from the reception experience you've planned. And your business continues to grow.

## U.S. GROUND TRANSIT COVERAGE

Delivery in 2-days or less to 99% of the U.S. Population

Transit Distribution				
Days		Population	%	Cum. %
1	●	138,172,715	41.7	41.7
